

This Public Spaces Map was developed to identify the locations and types of various civic amenities (libraries, schools, State facilities), State and local conservation/open space areas, and municipal recreational facilities within the Town of North Kingstown in relation to adjacent residential areas. This information was collected via general knowledge, coordination with the Town/North Kingstown Comprehensive Plan, and the Rhode Island Geographic Information System (RIGIS) website. It also includes a 'wish list' of facilities identified by the general public at the Community Kickoff Meeting held on September 21, 2011.

EAST GREENWICH

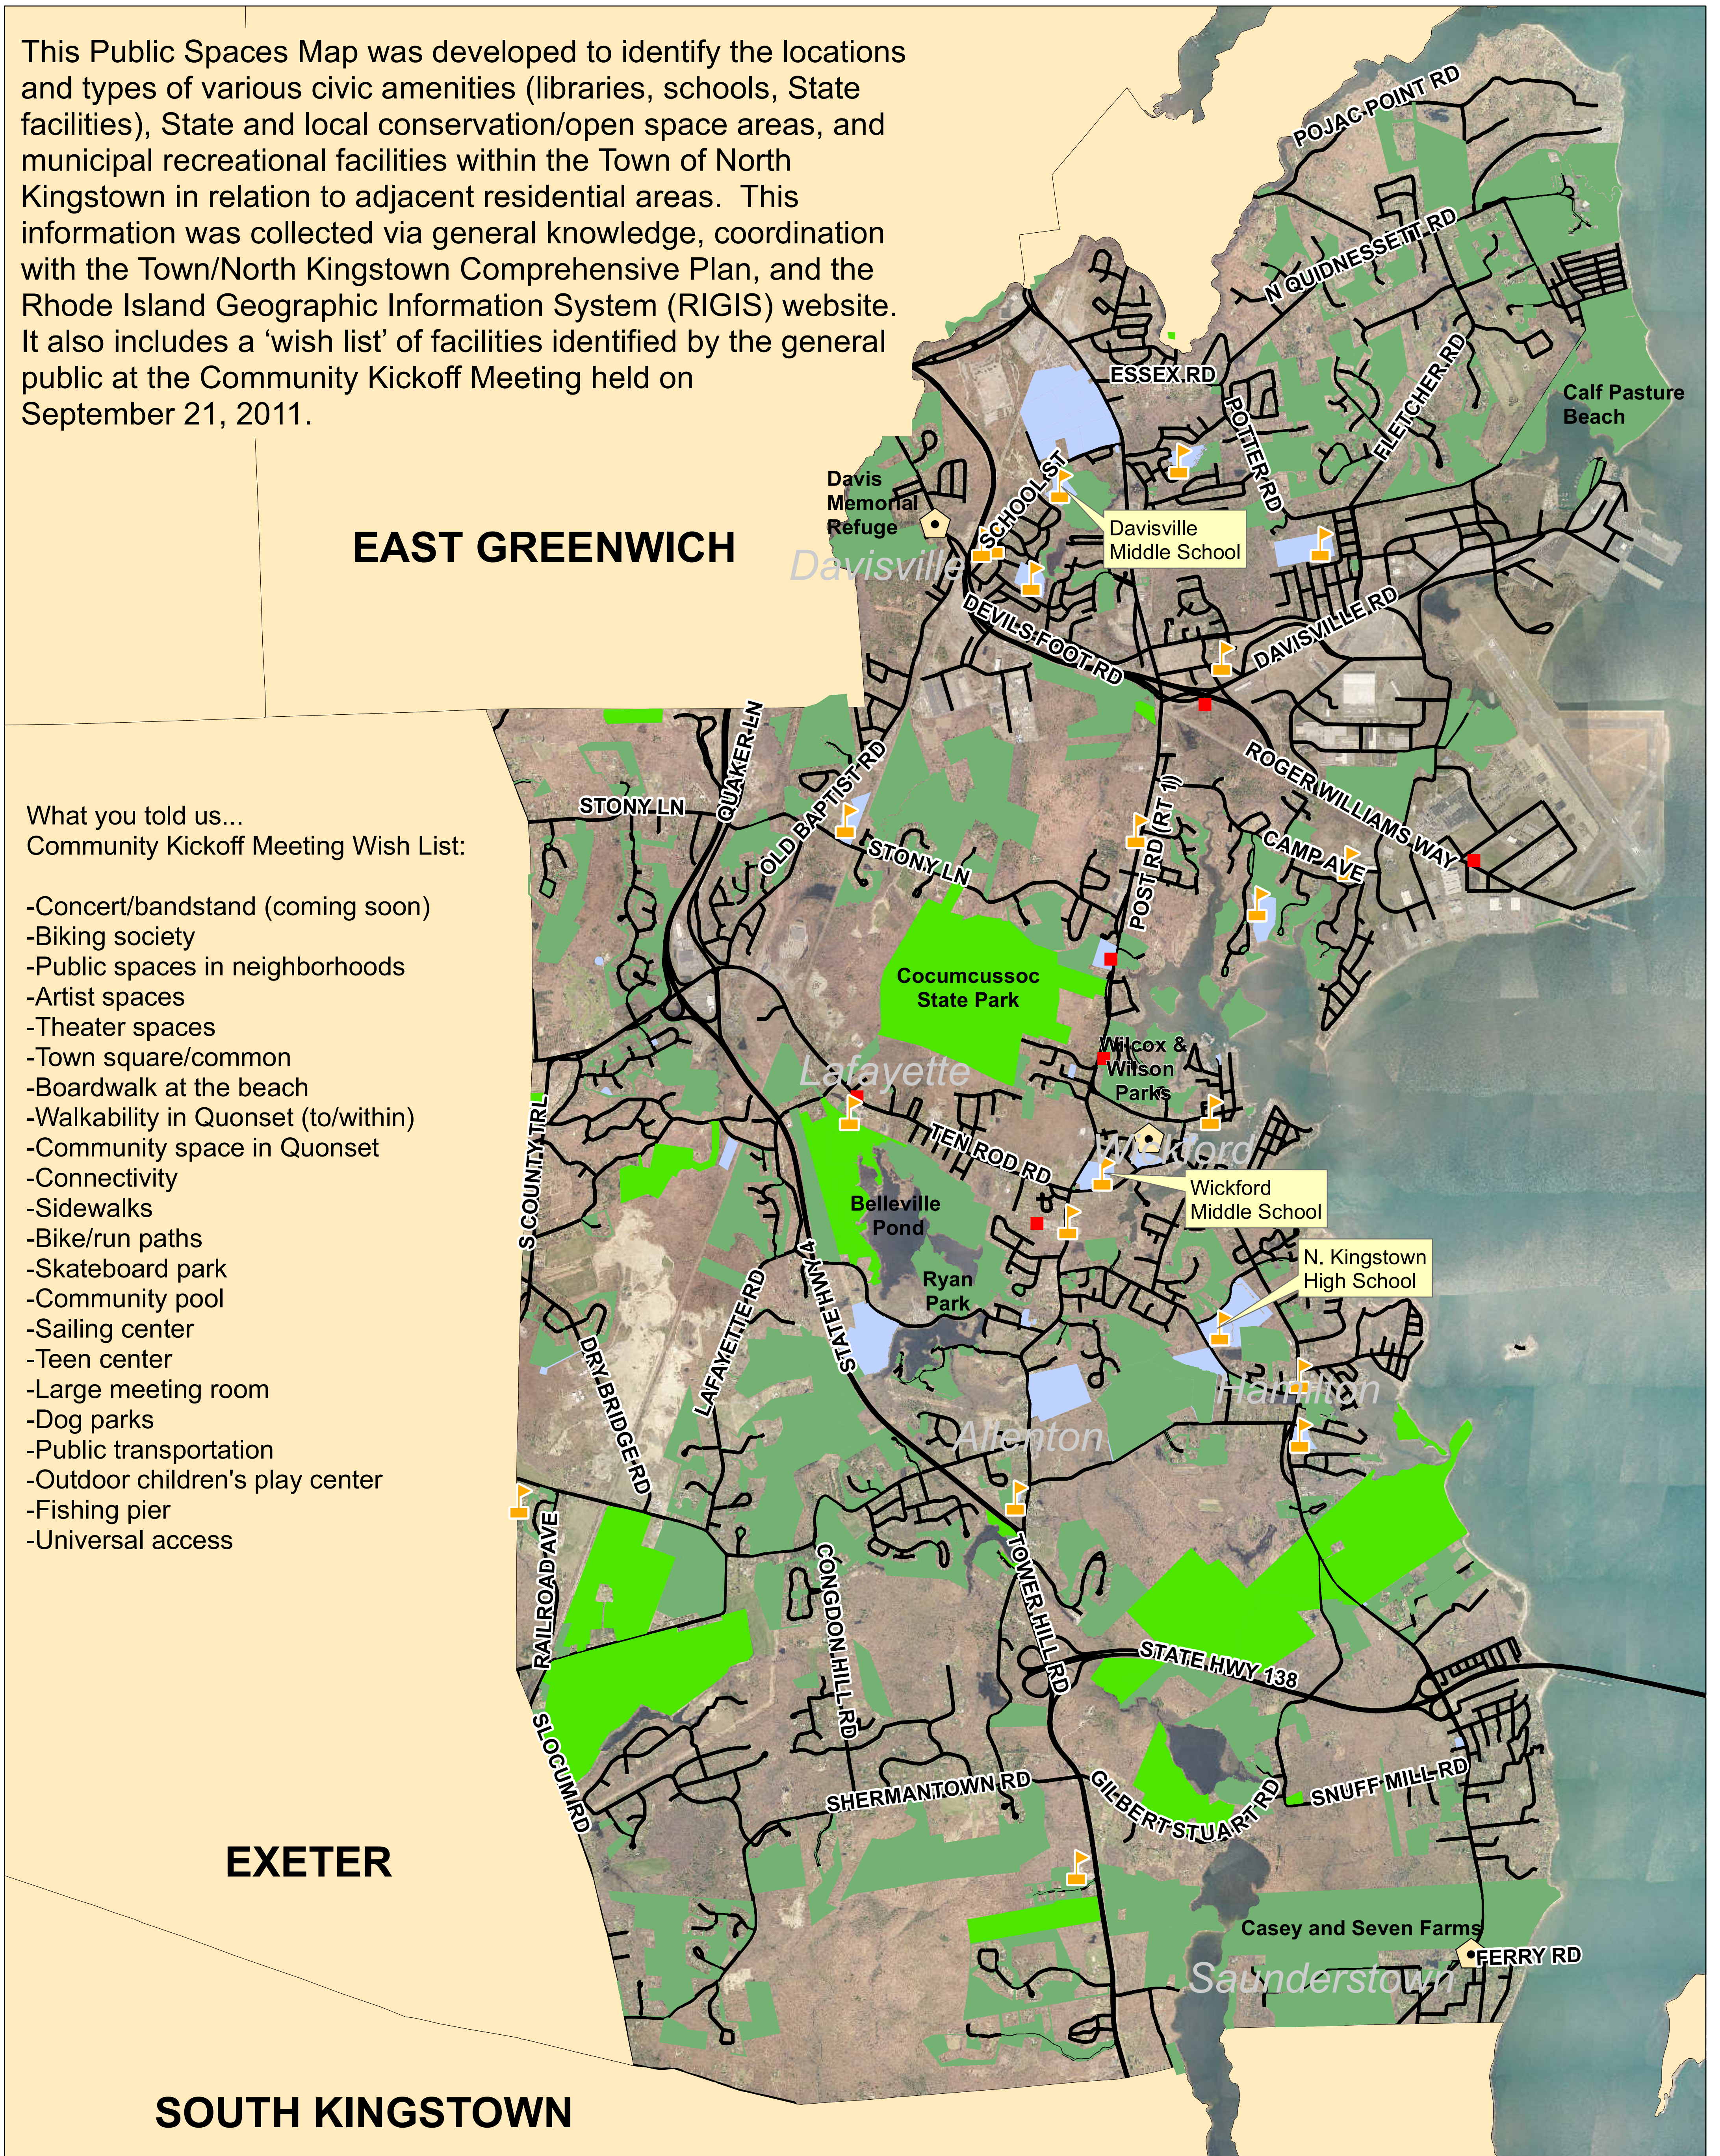

What you told us...
